To Whom it May Concern:

I highly recommend Rachelle Galang as a candidate for a teaching position with your school district. Over the past year, I have observed Rachelle working one-on-one and with larger groups of elementary students.

Rachelle is the intern teacher in my daughter's 4th grade class. In my experience, she is friendly, kind, reliable and prompt. Rachelle is a natural teacher. She knows, just when and, how much to support and to challenge while tailoring the lesson to each child's unique interests and abilities.

She has an easy rapport with people, especially children, and conducts herself in a calm, confident, professional manner. Rachelle is highly organized and has clear expectations for her students. I have observed that Rachelle is highly respected by the school staff and children.

As a former elementary school teacher and current PTA president at my children's school, I recommend Rachelle to you without reservation. If you have any further questions, please do not hesitate to contact me.

Sincerely,

Liesel Carlson
